

## Errata

June 27, 2006

1. Several errors in the counties listed as comprising each senate district were corrected in the tables and text on June 27, 2006. These corrections involve only the listed county names, all attributions of teen births and costs to senate districts were correctly calculated using zip code level data, and required no changes.

The county listings correction is now reflected in the web-posted versions of the table on Page 3 and the text on Page 4 of the *Teen Births in California, 2006 Spring Update*, in the *State District Table (pull-out)*, and in the *2006 Individual Senate District Summaries*.

The corrections made are as indicated in the following table:

1	Butte	El Dorado
4	Del Norte	Sacramento
5		Solano, Yolo

2. On Page 4 of the *Teen Births in California, 2006 Spring Update*, district 32 was incorrectly attributed to the Imperial Valley. The text on page 4 has been changed from "... Imperial Valley (Districts 37 and 40.)" to now read "... Imperial Valley (District 40)." A similar change was made to the press release.
